

Neophyte Performance – 2026 Class Price Guide At Neophyte Performance, we aim to keep our pricing simple, transparent and family-friendly. All Acrobatics classes and Aerial Arts classes are \$22 per session and are invoiced as a 10-week term. Our specialised technique program, ELEVATE, is offered at the reduced rate of \$10 per class and is also invoiced for the 10-week term. For our Home School community, classes are available at \$15 per casual visit, or \$10 per class when committing to the full term. All athletes are required to pay an annual \$25 insurance fee, which covers their participation across all programs for the year. We proudly offer free trial classes for new athletes and free make-up classes if a child is unable to attend their regular session due to illness or absence. Private lessons are available for athletes wanting one-on-one attention and faster progression. Acrobatics private sessions and Aerial Arts private sessions are both \$40 for a 30-minute lesson. We also offer Birthday Parties priced at \$300 for a two-hour hosted event, and our jumping castle is available to hire at \$100 per hour. Current athletes may also hire the studio for personal training and practice at the discounted rate of \$20.
